Lounge about in the outdoor Jacuzzi and make the most of the amazing view, explore the Coral Garden in a kayak or hop into one of our tenders to discover the pink sand beaches.

With our varied and sometimes exclusive on board activities, there's no strict agenda on the Haumana; just days to be organized as you please, even if you feel like fly fishing at any time of the day and night with our resident guide.

Expect many an unforgettable encounter as you swim or snorkel amongst majestic rays, myriads of fish or green sea-turtles in the warm, crystalline waters of the Tuamotus.

Our on-board motto :
polynesian art de vivre !

Throughout your stay, in a warm and authentic atmosphere, our readily available and always attentive crew encourage you to experience every aspect of Polynesia.

Our spacious, elegantly decorated cabins all feature large picture windows so that you may enjoy the magical landscapes and seascapes as they pass by.

The panoramic restaurant on the main terrace invites you to dine in elegance. Seafood and Tahitian specialties are the order of the day.

As the sun reddens the sky, enjoy a cocktail with friends on the upper deck. To accompany the setting sun, ukuleles resound to the joys of the day just ended and herald the new one to come.
